LANGUAGES

Icelandic	First language. Born and raised in Iceland
German	Second language. Have family in Germany, and learned it along side Icelandic
English	Third language. Have been learning it since I was a little boy, as well as learning a lot through all sorts of media and literature.

TECHNICAL LITERACY

As a rather newly graduated computer scientist I have some basic knowledge of a lot of different programming aspects. The Programming languages I have used the most are: Java, JavaScript, C#, C++.

I also have some experience with the following: backbonejs, jQuery, HTML5, CSS, Objective C, Python, Ruby, Lisp and SQL.

PREVIOUS EMPLOYMENT

TM Software

May 2013 – December 2014

Reykjavík, Iceland

At TM Software, one of the fastest growing IT companies in Iceland I worked on one of the most sold Atlassian JIRA plugins in the world, Tempo. I worked in two scrum teams during my time there. Tempo Timesheets, which was the first of the Tempo products and Tempo Books, their newest addition. I entered the Books team very early on in development and was one of the lead developers on the team taking active part in everything from design to front and back end coding. Most of the coding was done in Java and Javascript.

Karate club Þórshamar

August 2005 – December 2014

Reykjavík, Iceland

Þórshamar is one of the biggest and most respected Karate Clubs in Iceland and has won a lot of championships in Iceland since it was created in 1979. I have been a trainer there since I was fifteen and have over the last eight years taught every group in the dojo, from six to seventy year olds, white belts to black belts. Since I am often teaching people that are much older than me, my confidence and people skills have gone way up since starting.

Karate club Þórshamar

Summers 2010 and 2012

Reykjavík, Iceland

Me and two other trainers at Þórshamar organized a summer course for children, where we worked with children between the age of six and twelve teaching them karate as well as playing games and going on fieldtrips. These were a great success and got a lot our club a lot of new practitioners.

Grundeigentümer-Interessengemeinschaft City Nord (GIG)

Summer 2009 July - August

Hamburg, Germany

In celebration of the fifty years that the business district City Nord in Hamburg had been operational the interest group GIG wrote a book depicting its history as well setting up an exhibition, where I ran an information booth, helping people who had questions about the show as well as selling the book.

Subway

Summer 2009 June – July

Hamburg, Germany

I wanted to try working abroad so I found a job at a subway in Hamburg, where I made sandwiches as well as opening and closing the restaurant.

INTERESTS

I have the first black belt in Shotokan Karate and have been training it since I was six years old. I am very interested in martial arts in general and have also trained MMA (mixed martial arts) and BJJ (Brazilian Jiu Jitsu). I also like reading, swimming, photography and watching quality television as well as traveling and playing computer games.
